

# Y.I.C. Technologies EMScanner Lab Bench EMI Testing

Real-time EMC & EMI diagnostic tool at your lab-bench

High speed, up to 8GHz

Pinpoint origin of issue in seconds

Easy and affordable pre-compliance testing

Helping Developers  
achieve  
EMC Certification,  
First time, Every time!

Reduce design time

Onsite testing

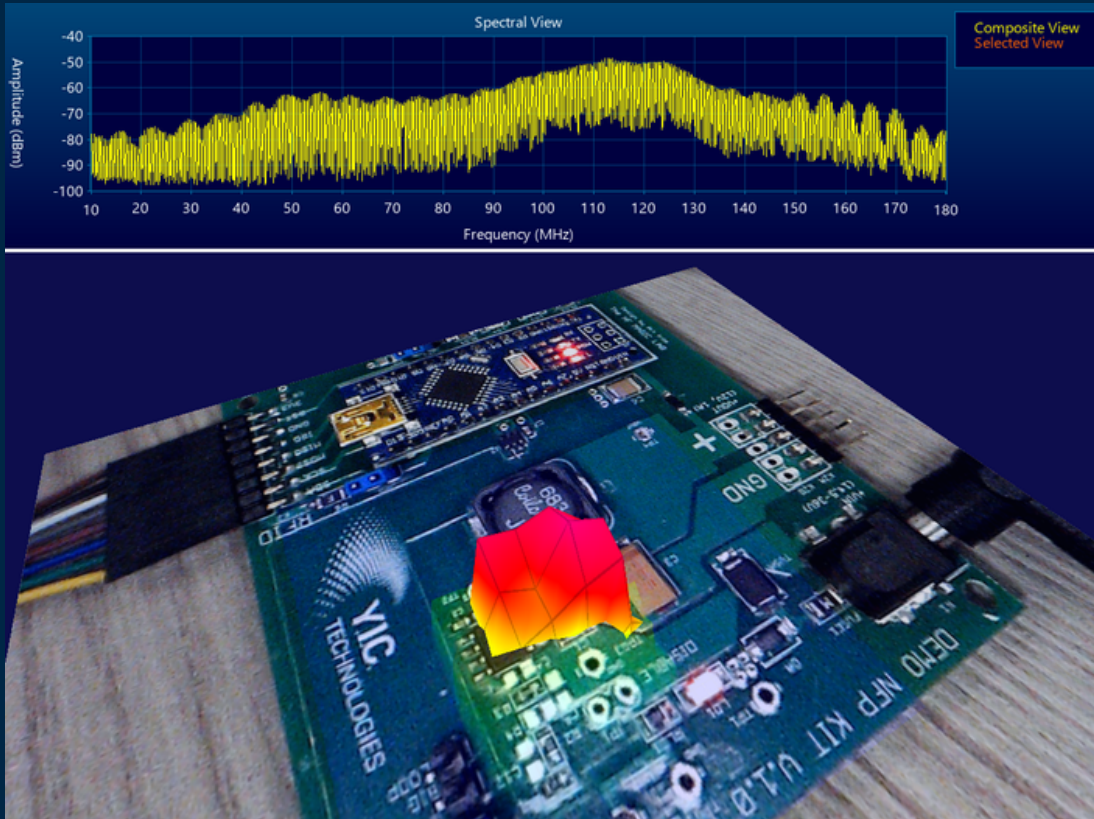

Results in minutes

Increase efficiency

Reduce costs

- Self-contained scanning device.
- Connect to Spectrum Analyzer and PC.
- Runs EMViewer software.
- Delivers repeatable and reliable results.
- Design changes are immediate.
- EMScanner diagnostics capabilities reduces testing time.
